ABOUT CARA

Cara is the creator of the "How To Build Your Business Like A Love Soldier" Brand and Host of the She's The Owner Podcast . Cara's superpower is helping Mission Driven Female Entrepreneurs build successful businesses by teaching them to get out of their heads and into their hearts.

Cara has spent the last 20 years of her life discovering who she is and why she was put here on this earth. She is an active member of the Tony Robbins' community and has a mission to send 1000 women to the Unleash The Power Event with Tony.

After all that self reflection and searching, she feels deep in her bones, that she is here to teach people to lead with their hearts (feminine energy), and not with their heads (masculine energy).

The Mission

I have a mission.

A mission to bring more love and less hate into this world.

I have spent countless hours, dollars and expelled all my energy to find myself back here.

Wanting to change the way we treat others, how we do business, and how we show up for ourselves and our partners.

This is how we build an army of LOVE Soldiers!

What I want for the World

WHERE THE LOVE
SOLDIERS ARE
GOING

We are building a Global movement, not just a Brand. We must start to look at the women in our world and teach them how to operate from the heart and the feminine divine, it is only then that we are going to see healing in our world, after all, people who live in their hearts don't fly planes into buildings, they don't put a knee on a mans neck until he dies, and they don't sell children for human trafficking...it is up to us to change the energy in our space and I believe wholeheartedly that is how we start.
